USPA NEWS -

Children of earth
Its joy and its worth
To love and protect
Not to badly affect
From soil we came
Humans we became
On earth we live
In God we believe
With him we seek peace
While we rest at ease
We destroy and deceive
We waste what we receive

We don't appreciate ourselves
We poison and paralyze our lives
We pollute what we need
We are stupid indeed
We hurt our mother nature
We take it for granted however
Nothing will stay forever
Only our crimes will never
Never be gone or forgiven
As we are killing our children
Generation after generation
It's high time we took action
We better be safe than sorry
We should be careful and worry
About what will happen in the future
What will become of our beautiful nature
Die old or young
It won't matter for so long
When all we care about is money
Not our children's health harmony
Oh dear God what else to say
Diseases always find their way
Our beloved ones in danger
Dying from diabetes and cancer
A one time disorder
Becomes a lifetime torture
